# What's

**Crowd-Funding is a very broad  
term for raising funds.**

**Receiving funds from a crowd of people  
who believe in You and Your cause.**

**Whether your cause is to help orphanages,  
feed the hungry, or support a local women's  
shelter it has to start with you!**

**Many people focus on other peoples needs before  
their own needs are met.**

**Fund My Cause has put together a platform  
Where people can get their own needs met first in  
order to help others.**

**Fund My Cause will help with unexpected  
medical bills, credit card debt, mortgage  
payments and more...**

**Once Your finances are in order you'll have the time  
and financial freedom to help others in your  
community, your country and other countries as  
well.**

# What Is itcoin

**BITCOIN** is a digital currency which unlike paper currency is made from a string of alpha numeric characters (numbers and letters)

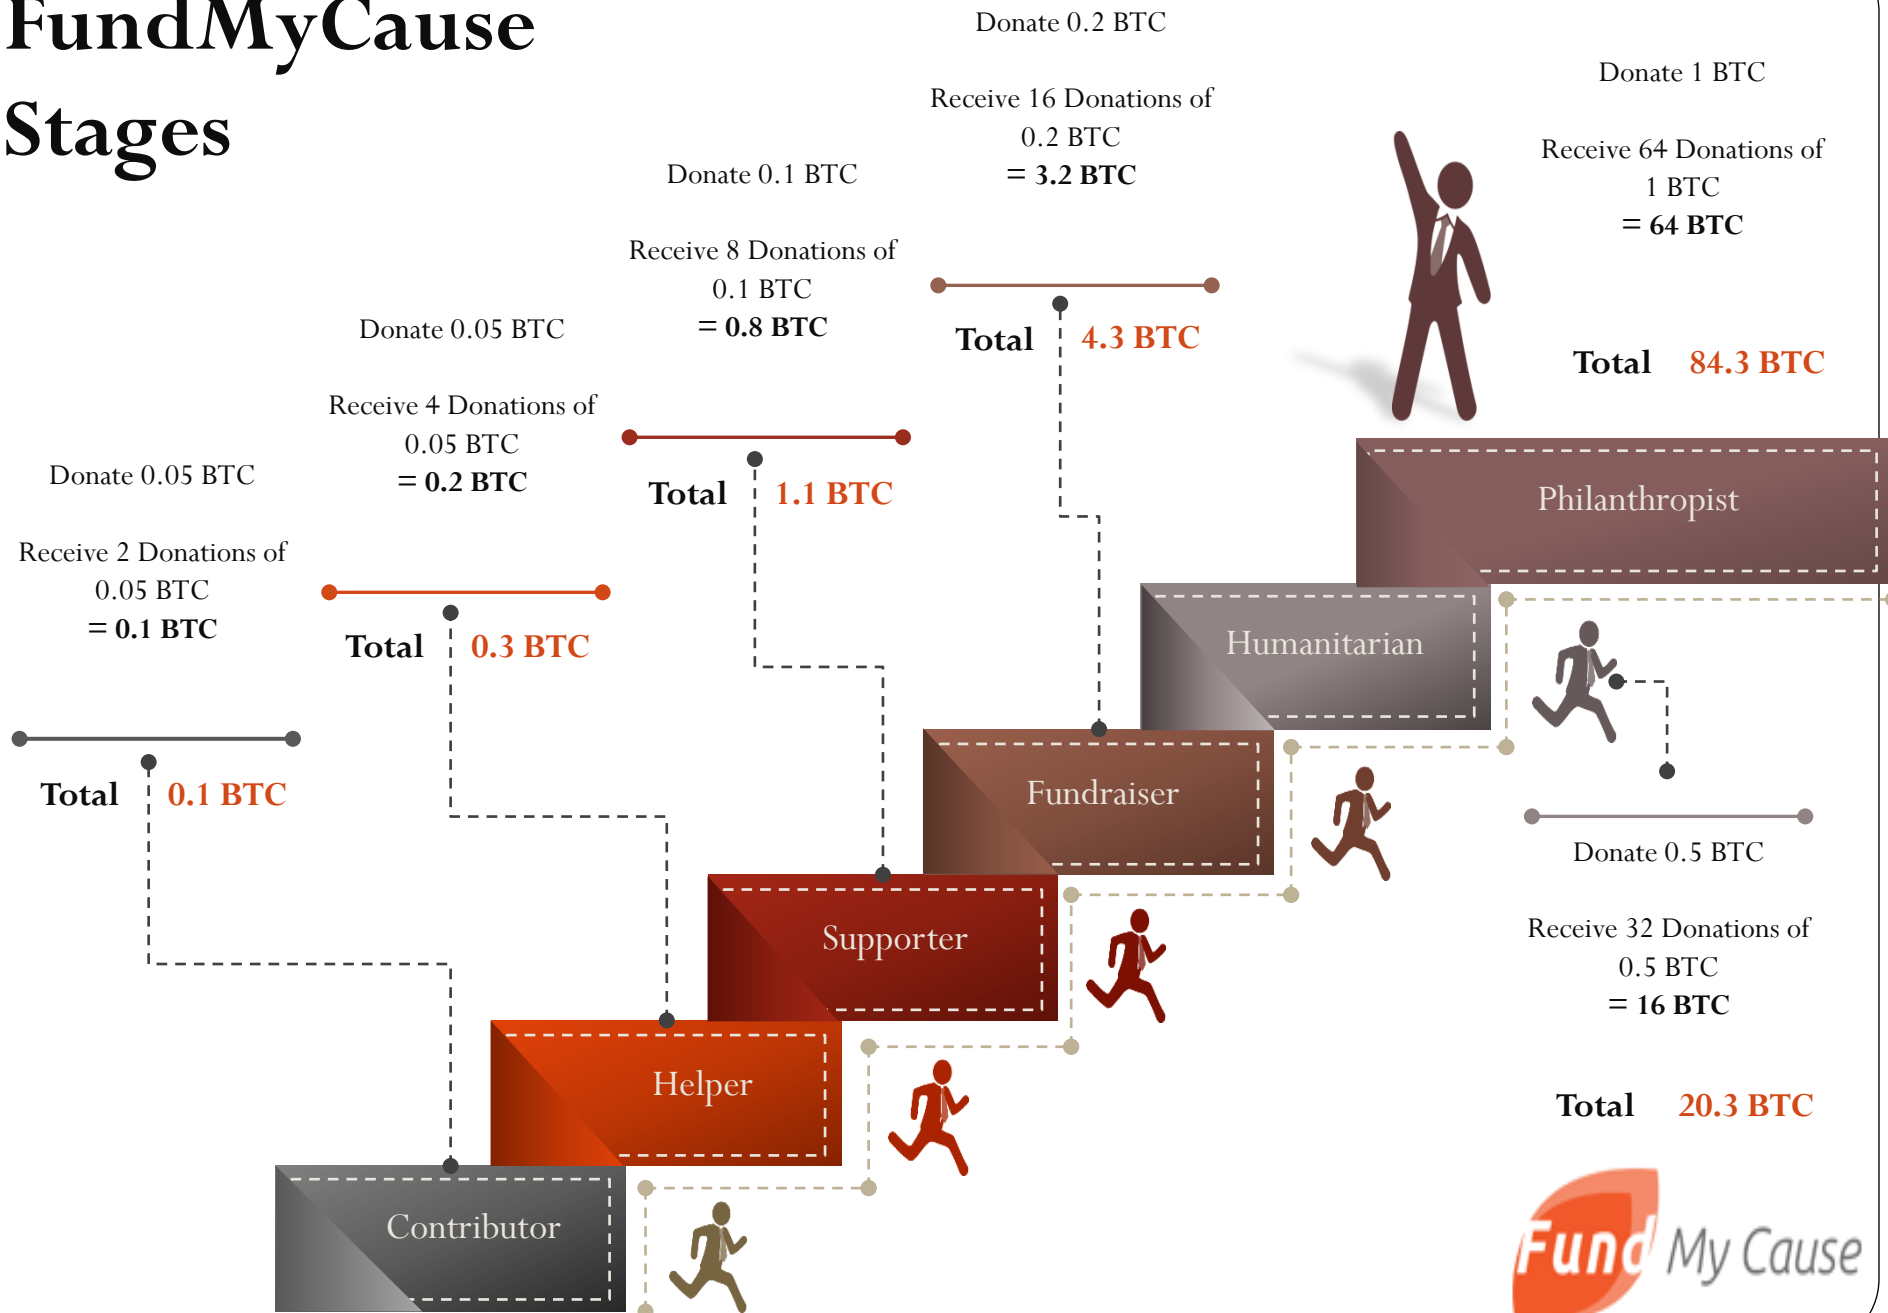

If you're wondering IF **BITCOIN** will go mainstream. The real question is WHEN as some of the Top Fortune 500 companies are already accepting **BITCOIN** as a form of payment like:

## Stages

# Some Key Points

Once you reach the stage of Philanthropist you are able to receive up to 84.3 Bitcoins per month towards your cause.

Unlike similar organizations FundMyCause has No admin fees or commissions which means you receive 100% of the funds to Your cause.

Because we use Bitcoin there are minimal processing fees, no charge backs, fraud, etc... which means more money to Your cause.

There is no waiting to get the funds for your cause as all payments go directly to Your Bitcoin wallet.
